Higgs & Johnson is pleased to support the upcoming Business & Professional Women's Club ("BPWC") Golf Scramble to take place on 19 Nov 2010. The funds raised will be used towards the many initiatives of the club, which focus on issues related to women including violence against women and the empowerment and development of women.

Higgs & Johnson associate, Francine Bryce, who will be representing the firm at the golf scramble noted, 'I am excited to take part in this event especially as BPCW celebrates 34 years in the Cayman Islands. It is a great opportunity to network with other professional women while contributing to a worthy cause.'

BPWC is an associated club of the Business Professional Women International organization which has become one of the most influential international networks of business and professional women with affiliates in 80 countries in five continents. Its members include influential women leaders, entrepreneurs, business owners, executives, professionals and young career women.
