FIRM DONATES TO GRAND BAHAMA REGIONAL BRANCH OF THE BAHAMAS NATIONAL TRUST

(L-R) Ms. Karin Sanchez - Chairman of the Grand Bahama Regional Branch of the Bahamas National Trust and Mrs. Vivienne Gouthro, Partner – Freeport Office

Higgs & Johnson is pleased to donate to the Grand Bahama Regional Branch of the Bahamas National Trust which is presently focused on rejuvenating the pond at the Rand Nature Centre in Freeport. The goal is to turn the area into a watchable wildlife pond.

According to Ms. Sanchez, funds raised at Festival Noel and from the generosity of local community supporters are being used for this project which involves restoring the waterfall and planting native plants to attract birds and butterflies. A gazebo will be featured over the pond and there are plans underway to create an arboretum which is a collection of native trees.

Mrs. Vivienne Gouthro, Partner responsible for the Freeport Office of Higgs & Johnson noted, "This initiative by the National Trust will be quite beneficial to the Freeport community as everyone will be able to enjoy the end product therefore the firm is glad to lend financial assistance for this purpose."

Ms. Sanchez stated, "On behalf of The Regional Branch of the Bahamas National Trust, I wish to thank Higgs & Johnson for their support in this endeavor as we strive to maintain and protect our national treasures."
